5 OP - 911 OPERATOR

6 RK - ROY KRONK

7

8 OP 911. What is your emergency?

9 RK Hi. I don't have an, I don't, I don't want to. I called the non-emergency line and  
10 somehow got you.

11 OP How can I help you, sir?

12 RK Uh, I'm a meter reader with Orange County and I had the route today that  
13 included the Anthony's home.

14 OP Uh-huh (agreement).

15 RK Okay? And I went down to the school and came back and when I was coming  
16 back I stopped between the two swamp areas there. I don't know if you know  
17 what I'm talking about or not.

18 OP No, but go ahead.

19 RK But, there's a stretch of road there that goes from like (inaudible), part of the road  
20 is down to a school and, and, in-between it on either side there's a swamp and if  
21 you're heading back out towards the main road, uh, on the, uh, left-hand side, in  
22 an area, I noticed something that looks white and there was a, uh, like a gray bag  
23 down in there. I don't know what it is. I'm not telling you it's, you know, it's  
24 Caylee, or anything of that nature.

25 OP Okay. Do?

1 **RK** I just don't. Huh?

2 **OP** Do you know what street the Anthony home is on?

3 **RK** Yeah, it's on Good Hope, isn't it?

4 **OP** Okay. Good Homes and what's the nearest intersecting street?

5 **RK** Uh, it's the one it comes off of. Isn't that? It's like, uh, Su, uh, Suburban or  
6 something like that?

7 **OP** Hold on. I just want to bring up the map. Hold on.

8 **RK** 'Cause I just read that. That's the route I have today to read the meters on.

9 **OP** Hold on.

10 **RK** And this could be nothing.

11 **OP** I don't find Good Homes intersecting with Suburban anywhere.

12 **RK** What is? What does it intersect with?

13 **OP** Oh, my God, all kinds, uh.

14 **RK** No, there should only be like three roads it intersects with.

15 **OP** Good Homes Road?

16 **RK** Yeah.

17 **OP** I don't.

18 **RK** The Anthony's live off of. It's back in that little, uh, subdivision. There's like a  
19 elementary school or something back there.

20 **OP** You don't know what the name of it is?

21 **RK** Oh, God, no. It's in my GPS though. I might be able to pull it up. Hold on. Do  
22 you see a, um, something, oh, what is that? Hold on. Let me go pull my GPS  
23 up. [Singing] Da, da, da, da, da. It's coming up now.

24 **OP** I'm looking in the phone book.

25 **RK** Loading map. Sorry. Hold on. It should be up in a second. Three, or two.

- 1 OP I have. Is it Anthony house on Holly Street in Zellwood?
- 2 RK No, it should have. Uh, Suburban Drive. It's like. It's, there's a school at 8701  
3 Suburban Drive, but it's actually at the end of the road, not at the beginning of the  
4 road and, uh, that's where the, uh, and their, their road comes off of Suburban  
5 Drive and, uh, I work up at the Curry Ford. You know? It's a, a headquarters  
6 there. Curry Ford. And, uh, we were over there reading that today and, uh.
- 7 OP Okay. I, I have the map now. Okay?
- 8 RK Yeah.
- 9 OP 8701 Suburban is in Chickasaw Oaks subdivision.
- 10 RK Yeah, that's the, that's where the school should be.
- 11 OP If you are at the intersecting streets, it's Chickasaw and Lumberton.
- 12 RK Right. If you go. Right. If you go down that road, that's where the school's at.  
13 In-between from where you can get on to their road at, then down, there's a  
14 swamp area. If you are heading towards the school on the right and left, you are  
15 heading towards the school, it would be on your right-hand side. And there's like  
16 a big swamp area there and there we found a dead, four-foot, uh, eastern,  
17 diamond rattle back there but that's not really the thing. There's like two little 'in'  
18 areas you can go and there's a big, long tree laying down and there's a lot of  
19 swamp back in there. Well, back behind one of the trees down there was a gray  
20 bag and then a little bit further up than that, I saw something white. But after I  
21 saw that, uh, four-foot, uh, eastern, diamond rattlesnake, I'm not going in that  
22 property.
- 23 OP Okay. So if you, if, if, if you're going, um, on Suburban.
- 24 RK You are heading down towards the school.
- 25 OP Okay. And it's after Chickasaw on the right-hand side?

1 **RK** Yeah, there's a, uh, the road, the road kind of stops and then there's like this; you  
2 go down and there's a six-foot tall fence on the, uh, left-hand side and then the  
3 right-hand side is open, heading towards the school and it's all swamp area on  
4 both sides and it would be on the right-hand side that I, I saw what I saw.

5 **OP** Okay. I'll let 'em know.

6 **RK** I appreciate you. And, don't forget, I have no idea what it was so, and I don't  
7 want to waste any more of the, the county's money but I'm just telling you I saw  
8 something.

9 **OP** Not a problem.

10 **RK** Thank you, ma'am.

11 **OP** Thanks. Bye-bye.

12 **RK** Bye-bye.

4  
5 OP - 911 OPERATOR

6 RK - ROY KRONK

7  
8 OP Sheriff's office.9 RK Yeah, hi, my name is Roy Kronk. I'm a meter reader with Orange County.  
10 Yesterday, I read the Anthony's route. Uh, uh, we got done and I got done and I  
11 went down. Do you know where the school is, down there at the bottom of  
12 Suburban?

13 OP Uh-huh (agreement).

14 RK I call this in yesterday and I don't know if this is what ya'll looked at today or not  
15 but, uh, on the way back up I stopped, uh, in the middle there, where there's a  
16 swamp, there's a, if you are coming out, there would be a fence on the right-hand  
17 side and just open, you know, swamp area on the left-hand side. I went down,  
18 uh, well, I had to take a, you know, and I went down and there was, behind one  
19 of the trees was a gray, vinyl-like bag, like a pool cover or something like that and  
20 it looked rather suspicious. I didn't touch anything. And then a little bit further up  
21 you can tell where someone ran across with a mower but the weeds were still  
22 real high in that area. There's a fallen tree that looks like someone had tried to  
23 cut on it at one point but there was a white board hanging across the tree and  
24 there was something round and white underneath of it. And, uh, I don't know  
25 what it is but it just didn't look like something that should be there.

1 OP Can I have some cross-streets, please?

2 RK Uh, there is no cross-streets. If you turn on Suburban, go down past, you know,  
3 the first street, go down past the second street, where the roads would turn into.  
4 That goes to their homes. If you go all the way down to the end of Suburban  
5 there's a school down there.

6 OP Okay. Suburban and where, sir?

7 RK Sir, off, off of Chickasaw. Yeah, it's right, it's like right by the house now. You go  
8 in off of Chickasaw. You go down Suburban. You'll pass; what is it?  
9 Lamberton?

10 OP Uh-huh (agreement).

11 RK It's the first one and then the second one is Hope Springs and then if you go all  
12 the way down there's a school there. As you are going down to the school you  
13 are gonna hit a wooded area. If you are going towards the school, on your left-  
14 hand side.

15 OP What's the name of the school, sir?

16 RK Uh, it's just the elementary school there. I don't know. I just read the meter at it  
17 yesterday. I don't. I didn't really. I just, you know, looked for my meter number.  
18 I really don't pay attention to that, the rest of it. But if you go down there, there's  
19 a swamp on the left-hand side and there's a fence, about a six-foot high fence  
20 there. On the other side of the road there is another swamp right there and that's  
21 where the gray bag is. It's a little bit down, more towards the school and then the  
22 area it's all right in there. That's also where we found uh, a dead, four-foot, uh,  
23 eastern diamondback rattlesnake and that's why I didn't go any further into the  
24 swamp.

25 OP Okay. Roy, what's your phone number?

1 RK Uh, my cell number is [REDACTED]. I work for Orange County Utilities.

2 OP Okay. Sir, I'm gonna send this call up and gonna take a look for the bag. I also

3 have another phone number that I need you to dial. It's a phone number set up

4 for anything doing with the Caylee investigation.

5 RK Oh, like the TIPS line?

6 OP Yes, sir.

7 RK I'd really rather would not, being a county employee and all that. That's why I'm

8 talking to you all.

9 OP You can still do it, regardless if you're a county employee. You can remain

10 anonymous.

11 RK Not if they find the freaking body. [Laughs].

12 OP Yes, sir, you can still remain anonymous if they do find a corpse.

13 RK Okay. Uh.

14 OP Because we definitely need you to contact that number because all information is

15 compiled there and if anything does come up out of it, we will see who else has

16 also called about it and put it all together.

17 RK Okay.

18 OP Please do that. Do you have the phone number?

19 RK Uh, what is it? Go ahead.

20 OP 1-800.

21 RK Uh-huh (agreement).

22 OP 423.

23 RK All right. Hold on a second. 423.

24 OP TIPS.

25 RK TIPS. All right, boss.

1 OP Thank you, (inaudible). I really appreciate it.

2 RK Not a problem, man.

3 OP Good-bye.

## ORANGE COUNTY SHERIFF'S OFFICE

## AFFIDAVIT FOR SEARCH WARRANT

IN THE NINTH JUDICIAL CIRCUIT COURT  
IN AND FOR ORANGE COUNTY, FLORIDA

STATE OF FLORIDA  
COUNTY OF ORANGE

Before the Honorable Ronald A. Legand, Judge of the Ninth Judicial Circuit in and for Orange County, Florida, personally appeared Detective Corporal Yuri Melich, Deputy Sheriff of the Orange County Sheriff's Office, who being first duly sworn, deposes and says that Affiant has probable cause to believe and does believe that evidence relevant to proving that a felony has been committed is located on certain premises and the curtilage thereof in Orange County, Florida described as follows:

4937 Hope Spring Drive, Orlando Florida 32818

Begin at the intersection of Curry Ford Road and South Chickasaw Trail in Orange County. Head south on S. Chickasaw Trail for approximately 1.7 miles to the intersection of Suburban Drive. Turn left to head east on Suburban drive. Continue east for approximately 2/10ths of a mile to the intersection of Hope Spring Drive. Turn right to head south on Hope Spring Drive. Continue south for approximately .29 miles until you get to 4937 Hope Spring Drive. The residence will be on the east side of the street.

The residence is a single story residence with attached two car garage. The residence is cream in color and the front door faces east towards the roadway. The numbers "4 9 3 7" are listed vertically to the right of the front door.

And being the premises occupied by and under the control of George and Cynthia Anthony.

And that there is now being kept in and on said premises and curtilage certain trace evidence to include DNA, blood, or other bodily fluid and the like, any and all varieties of garbage bags, garbage bag containers, adhesive tape to include Duct tape, packaging material for same, chemical components that may be used to make chloroform, receipts for purchases of same, containers that may be used to mix chemicals, baby medication, vacuum cleaner(s) to include wet-vac's, all photos and photo albums, videos or CD's containing photos, storage device(s) used to capture digital images, disposable cameras and/or film, small cloth type lettering similar to ones found with the body, any "Winnie the Pooh" clothing, towels, blankets or similar cloth items, diapers and pull up pants, all tooth and hair brushes, cell phone(s), and any computer systems or related media (media - hard drives, floppies, CD's, Zip drives, etc.) that may be on said property.

Which are being kept and used in violation of the laws of the State of Florida, to wit Florida State Statutes 782.04 Murder, First Degree.

And that the facts tending to establish the grounds for this application and the probable cause of Affiant believing that such facts exist are as follows:

On July 15th, 2008 at 0045 hrs, I was notified by Sgt. Reggie Hosey about a report of a missing child, later identified as Caylee Anthony (2 yoa).

The initial report indicated the child was last seen at 2863 S. Conway Road around apartment # 210 on June 9th, 2008 between 0900 and 1300 hrs. According to the child's mother, the child was last left with the babysitter (Zenaida Gonzalez) at the above S. Conway Road address. Since June 9th, the defendant has not been able to locate Zenaida or her child and she never reported the incident to law enforcement until tonight. The reason she was reporting it tonight was because her mother, Cynthia Anthony, insisted on calling the police after the defendant told her she hadn't seen the child for over a month. Cynthia found the defendant and brought her home after the car the defendant was driving (a white 98 Pontiac bearing Florida tag G63XV) was found abandoned and towed several days ago. Deputies had gone to the S. Conway Road address and met with management who told them the apartment the defendant showed them had been vacant for 142 days (since February 29th).

I briefed my supervisor (Sgt. John Allen) and responded to 4937 Hopespring Drive to begin my investigation. I first met with the defendant inside the residence and spoke with her alone and away from other family members. Before asking for a recorded statement, I reviewed her original four page written sworn statement and asked if this was her version of what happened. She said it was. I told her that the incident was very suspicious and her version suspect. I gave her an opportunity to
